SECTION B: Community Interest Statement – Activities & Related Benefit

Please indicate how it is proposed that the company’s activities will benefit the community, or a section of the community. Please provide as much detail as possible to enable the CIC Regulator to make an informed decision about whether your proposed company is eligible to become a community interest company. It would be useful if you were to explain how you think your company will be different from a commercial company providing similar services or products for individual or personal gain.

Activities (Tell us here what the company is being set up to do)	How will the activity benefit the community? <i>(The community will benefit by...)</i>
Coordinate local community teams to support hosts and guests in their immediate areas	<p>Local communities will be better connected and more resilient as a result of the volunteering and teamworking opportunities we provide.</p> <p>New Forest residents with a diverse range of skills and backgrounds, who would not normally meet each other, get to work together and build friendships with each other through the networking of sponsors and/or being part of our local support teams.</p> <p>People have opportunities to put skills to purposeful use and become known in their communities – addressing social isolation.</p> <p>This will create a legacy of more connected resilient communities in the New Forest district.</p>
The matching service we provide enables hosts to sponsor guests under the government’s Homes for Ukraine scheme.	<p>The company’s activities will provide benefit to those in the New Forest area who are keen to offer space in their homes (hosts) to those fleeing the war in Ukraine (guests) but who do not have any personal contacts there.</p> <p>Many are keen to host Ukrainian families but without our coordinated approach they find it very difficult to identify people to sponsor as required by the Government’s Homes for Ukraine scheme – causing frustration and depriving them of an opportunity to both support and learn from their guests.</p>
<p>If the company makes any surplus it will be used for... We do not expect to generate a surplus but if so it would be used, for example, to buy basic English books and games to help New Forest hosts build a connection more easily with their guests, other essentials those coming from Ukraine need or local community support activities.</p>
